

**Hideyuki Horii**

Vice Dean of School of Engineering

and Professor of Department of Mechanical Engineering, Kyoto University  
764-6.29001 Tc-.0

Curriculum Vitae

September 2, 2009

Research Director, Research Institute of Sc

failure"

*Journal of Geophysical Research*, Vol. 90, No. B4 (1985) 3105-3125.

6. H. Horii and S. Nemat-Nasser

"Elastic fields of interacting inhomogeneities"

*International Journal of Solids and Structures*, Vol. 21 (1985) 731-745.

7. H. Horii and S. Nemat-Nasser

"Brittle failure in compression: splitting, faulting, and brittle-ductile transition"

*Philosophical Transactions Royal Society of London*, Vol. A319, No. 1549 (1986) 337-374.

8. H. Horii, A. Hasegawa, and F. Nishino

"Mechanics of unstable crack initiation: effect of residual strain"

*Structural Eng./Earthquake Eng. (Proc. of JSCE)* Vol. 3, No. 2 (1986) 215s-223s.

9. K. Sahasakmontri, H. Horii, A. Hasegawa, and F. Nishino

Curriculum Vitae

*Applied Mechanics Review*

28. Y. Okui and H. Horii

“Stress and time-dependent failure of brittle rocks under compression: a theoretical prediction”

*J. Geophysical Research*, Vol. 102, No. B7 (1997) 14869-14881.

29. H. Yoshida and H. Horii

“Excavation analysis of a large-scale underground power house cavern by micromechanics-based continuum model for jointed rock mass”

*International Journal of Rock Mechanics and Mining Science*, Vol.34, No.3/4, (1997) paper No.352.

30. J. Vychytil and H. Horii

“Micromechanics-based continuum model for hydraulic fracturing of jointed rock masses during HDR stimulation”

*Mechanics of Materials*, 28 (1998) 123-135.

31. H. Yoshida, S. Hibino, H. Horii and K. Kudoh

“A determination method of analytical pa)TJ18.36 0 TD.0004 Tc-.0004 Tw[(ram)8.2((-).8(ter from)

“Micrui

*Engineering Fracture Mechanics*, 70 (2003) 1029-1045.

39. K. Miura, Y. Okui and H. Horii

“Micromechanics-based prediction of creep failure of hard rock for long-term safety of high-level radioactive waste disposal system”

*Mechanics of Materials*, 35 (2003) 587-601.

- Jun. 1986) edited by H.C. van Elst and A. Bakker, EMAS, U.K., Vol. 3 (1986) 2169-2184.
7. H. Horii and K. Sahasakmontri  
"Is the fabric tensor sufficient?"  
*Micromechanics of Granular Materials* (ed. by M. Satake and J.T. Jenkins) Elsevier, Proceedings of US-Japan Seminar on Micromechanics of Granular Materials, Oct. 26-30, 1987, Sendai & Zao, Japan (1988) 91-94.
  8. H. Horii  
"BIEM "or crack problems and application to fracture process zone in concrete, ceramics and rock"  
*Boundary Element Methods in Applied Mechanics* (ed. by M. Tanaka and T.A. Cruse) Pergamon Press, Proceedings of First Joint Japan/U.S. Symposium on Boundary Element Methods, Oct. 3-6, 1988 Tokyo, (1988) 129-138.
  9. H. Horii, A. Hasegawa, and F. Nishino  
"Fracture process and bridgingcrete,model and influencingcfactors in fracture of concrete"  
*Fracture of Concrete and Rockt Joicedings of SEM-RILEM International Conference* (ed. by S.P. Shah and S.E. Swartz) Houston, Texas, June 1987 (1989) 205-219.
  10. H. Horii  
"Source of size effect and process zone model"  
*Proceedings of MRS International Meetingcon Advanced Materialst* May 30-June 3 1988 Tokyo, Material Research Society, Vol. 5 (1989) 419-424. 7. Nishino

Fracture Mechanics of Concrete Structures, Proceedings FRAMCOS-2, edited by H.

"Use of BMC ductile Structural Members"  
Proc. Int. Symp. "Brittle Matrix Composites 5" A.M. Brandt, V.C. Li, I.H. Marshall eds.  
BIGRAF and Woodhead Publ., Warsaw (1997) 579-588.
42. H. Horii, K. Takamatsu, J. Inoue, and N. Sasaki  
"Measurement of displacement field by "MatchinB Method" and observation of strain  
localization in soft rock"  
ProceedinBs of Second International Conference on ImaginB Technologies, Davos  
Switzerland, May 25-30, edited by J.D. Frost and S. McNeil, ASCE (1998) 10-19.
43. H. Horii, J. Inoue and M. Brocca  
"Thermomechanics Based Theory and Analysis of CrackinB Localization in Concrete  
Dam under Earthquake Excitation"  
Material Instabilities in Solids, R. de Bo

Vice Dean, School of Engineering, April 2008-

Vice Chair, Center for Knowledge Structuring, April 2007 to March 2009

Board member, Institute of Engineering Innovation, School of Engineering, April 2007 to March 2008
